Holiday Homes & Lodges

2027 COLLECTION

Welcome to Swift

UK's No.1 brand for leisure homes

We are the UK's largest manufacturer of touring caravans, motorhomes and holiday homes. We've grown from simple foundations back in 1964, when our founder Ken Smith built his first touring caravan, to become the UK's number one leisure home brand.

Our philosophy is to build leisure homes that are at the heart of your holiday, whether that be nestled in the countryside or by the sea, searching out active pursuits or simply enjoying a quieter pace of life. With a lifetime of memories waiting to be made, it's time to find your ultimate holiday home.

Wondering where to start on your journey to *holiday home or lodge ownership?*

Your Home Anywhere

Here are five steps to Swift ownership

Owning a Swift holiday home or lodge means more getaways and lasting memories, but knowing where to start can be daunting. That's why we've created a simple guide to help you choose the right holiday home and park for your ideal escape.

1

Is holiday home or lodge ownership right for you?

If you enjoy regular getaways, spending time with loved ones, or unwinding in peaceful surroundings, holiday home ownership could be ideal. It's perfect for walkers, cyclists, wildlife lovers - or anyone who wants a relaxing escape in their favourite location.

2

Finding your dream park

Choosing the right park is key. Consider what's important to you, whether that's nature, the seaside, or nearby attractions. Take your time exploring potential destinations to find a location you'll love for years to come.

3

Visiting the parks

Once you've narrowed it down, visit a few parks to get a feel for the atmosphere, facilities, and surroundings. It's the best way to picture yourself there and find the perfect spot for your holiday home.

4

Choose your dream Swift

Swift holiday homes combine smart design, practical features, and options for every lifestyle - from simple comfort to luxury touches. Choose the model that suits you best.

5

What happens next?

Your park and/or dealer handle delivery and setup. At handover, they'll show you how everything works, so you can settle in and start enjoying your new getaway.

Still can't decide?

View our range of holiday homes and lodges at any of our Swift Approved Show Parks (see page 69), or visit the Swift Show Park in East Yorkshire by scanning the QR code. Our knowledgeable sales team will be on hand to answer any questions you may have.

Swift Standard

As a leading manufacturer of holiday homes, lodges, pods, touring caravans and motorhomes, we know just how to create the perfect retreat for your getaways. We apply this understanding with superb specifications, impeccable looks and creative space solutions, and work with a selection of the industry's most trusted suppliers.

Every Swift Holiday Home and Lodge comes with the following as standard

- ✓ Galvanised chassis with 10 year warranty
- ✓ Coated steel pantile roof
- ✓ Distinctive folded steel bargeboards with lighting
- ✓ PVC gutters and down pipes
- ✓ Low energy exterior lighting
- ✓ Lagged underfloor pipes
- ✓ Central heating system
- ✓ Luxury stain resistant carpet with underlay throughout lounge and bedrooms
- ✓ Hardwearing vinyl flooring in uncarpeted rooms
- ✓ Low energy LED ceiling lights throughout
- ✓ Double electric and USB (A&C) sockets
- ✓ Glass fronted oven and grill with electronic ignition
- ✓ Gas hob with electronic ignition
- ✓ Externally vented extractors
- ✓ Duvalay mattresses
- ✓ Integrated fridge freezers (except Royan and Clermont Lodge)
- ✓ Integrated microwaves (except Royan)
- ✓ Extractor fan in bathroom (except Royan)
- ✓ Shaver socket in main bathroom (except Royan)
- ✓ Shower cubicle with thermostatic shower
- ✓ Mains linked smoke and heat alarms
- ✓ 5-year carbon monoxide detectors
- ✓ Fire extinguisher
- ✓ Fire blanket

1. Construction and thermal efficiency

Our Swift Holiday Homes are built to EN 1647 standards, and Swift Lodges are constructed to residential specification in line with the latest BS 3632 standards, meeting NCC thermal and structural requirements.

2. Safety comes first

Audited by the National Caravan Council (NCC), all Swift Holiday Homes and Lodges comply with British and European safety standards.

3. Double Glazing

Standard heat-reflecting Thermaglas double glazing provides superior thermal performance with a 16mm air space.

4. Chassis

Fully galvanised chassis with a 10-year anticorrosion warranty is standard on all Swift Holiday Homes and Lodges.

5. Roof trusses

Prefabricated trusses ensure strength and accuracy, meeting Grade B snow loading (half a metre of settled snow) with glass wool insulation for excellent thermal efficiency.

6. Wall construction

Walls with a timber frame, insulation, and plywood inner skin. Clad in durable aluminium or CanExel for enhanced strength.

7. Floor construction

Timber joists with 80mm glass wool insulation are covered with a breathable membrane and waterproof finish for durability.

The Swift Difference

As part of our manufacturing commitment, we've defined the Swift Difference. This means every holiday home and lodge we produce meets our high standards of quality and specification, reflects our responsibility to the environment and the community, and is supported by a premium after-sales service should you ever need it.

Efficient living

Our holiday homes and lodges are designed for year-round comfort, feeling as good in January as they do in July. All models feature thermally efficient construction, double-glazed windows and doors, and a robust build quality that helps regulate temperature in all seasons.

Supreme comfort

Enjoy a true home-from-home feel with soft, luxurious carpets with underlay, deep cushion sofas with room for the whole family, and top-quality fixtures and fittings throughout. With Duvalay mattresses fitted as standard in every bedroom, a great night's sleep comes as standard too.

Extensive choice

With a wide range of holiday homes, lodges and pods, there is something to suit every budget and lifestyle, all supported by our Swift-approved distribution partners.

Pioneers

Innovation is our passion. From smart technology to advanced design and optional eco-friendly extras, we continually push the boundaries to create holiday homes that are intuitive, connected and ready for the future.

Designed around real life

Built for everyday living, our holiday homes are made to last. Durable vinyl flooring help handle muddy boots and paws, while stain-resistant carpets with Aqua clean technology ensures easy maintenance.

Investing in our people and place

We invest in our people, factory and local communities. From employee development through our Swift Academy to environmental initiatives, including tree planting on site and investment into advanced CNC machinery to minimise waste, we're building a better future together.

Established family values

Founded in 1964 by Ken Smith, Swift remains family-owned across three generations. With over 65 years of experience in the leisure home industry, we are the only manufacturer to build holiday homes, touring caravans and motorhomes, proudly continuing a tradition of British craftsmanship.

Uncompromising quality

Quality is at the heart of everything we do. Built to the highest standard, each home is subject to a comprehensive final inspection before leaving us. We also continuously review customer feedback to refine our designs, so every model is better than the last. The result is a finish you can trust, designed to stand the test of time.

60+

Years of British craftsmanship

2,390

Native trees & shrubs planted each year to offset our carbon footprint

77%

of waste recycled or repurposed

Proudly made in East Yorkshire

Our 2027 Collection

At Swift, we understand that buying a leisure home is an investment, so we only build holiday homes and lodges that will exceed your expectations. With a long-established reputation for outstanding quality, each model features a handpicked and bespoke selection of stylish fittings and fabrics.

We follow research insights and trends to keep ahead of the designs that appeal to both today's and tomorrow's customers, while also taking the time to understand what design aspects are important to you and your holiday lifestyle.

What is the difference between a holiday home and a lodge?

The phrase holiday home refers to single chassis units which are built to the EN 1647 holiday-use specification and are typically 12ft wide.

A lodge is built to the higher BS 3632 residential specification, for example with upgraded cladding and insulation, and are typically 13ft, 14ft or 20ft wide. Wider 20ft models are often referred to as twin lodges, as they are supplied on two chassis which are joined together and sealed on site.

TWIN UNIT LODGE

SINGLE UNIT LODGE

HOLIDAY HOME

TORONTO

Meet the Toronto, our most premium and most popular twin unit lodge. Available in a choice of two interior schemes, the Urban scheme pairs rich wood grains with striking dark finishes for a modern feel, while the Country Cottage scheme offers a softer, more relaxed aesthetic with warm neutral tones and classic oak detailing. Combining spacious layouts, elegant interiors and practical design, the Toronto Lodge is a luxurious retreat you'll enjoy returning to, whatever your lifestyle.

Discover our Eco offering

At Swift, we're committed to creating holiday homes that are not only stylish and comfortable, but also kinder to the planet. Across all Swift holiday homes, you can upgrade with a range of innovative eco technologies that support more sustainable living.

Smart Comfort

Take control of your in-home systems with Smart Command. Easily manage appliances, lighting, and heating through the intuitive web app or sleek in-home control panel, giving you convenience, comfort, and complete control wherever your journey takes you.

All-Electric Heating

A clean, efficient fully electric boiler and wet central heating system provides reliable warmth and hot water, removing the need for gas bottles and offering a safer, low-maintenance, and environmentally friendly solution all year round.

Smarter Water Heating

Using energy harvested through solar panels, the SunAmp water heater allows heat to be stored compactly and released gradually, even when the heat source is off. This stored energy can then heat water for over an hour when fully charged.

All-Electric Cooking

Modern, efficient and sustainable, our induction hobs and electric ovens eliminate the need for gas bottles, delivering reliable performance with a safer, low-maintenance and environmentally friendly cooking solution.

Solar Energy

Our roof structures can be specified as solar ready, making it easy to harness renewable energy, reduce reliance on the grid, and lower your carbon footprint for a more efficient and sustainable living space.

Elevate with Velux

New for 2027, Velux is available across the Swift collection, bringing natural daylight into your home to create a brighter, uplifting space that enhances wellbeing and reduces the need for artificial lighting.

*Not available on the Royan range

Stay connected with Smart Command

The Smart Command system is as an optional extra available across all Swift holiday home ranges. This eco-friendly system puts you in control of your onboard systems, via a touchscreen panel, and a web-app that can be used on a smart phone or laptop.

HOLIDAY HOME
Connect

Smart Command allows you to monitor power, temperature, humidity, and shows your holiday homes location. You can even control the heating for a warm welcome on colder days.

Heating

Control your heating from your smartphone or laptop, allowing you to easily adjust the temperature to suit your preferences and maintain a comfortable environment.

Energy

View clear overviews of live energy generation and usage, helping you monitor performance, track efficiency, and stay in control of your system at all times.

Controls

Control appliances such as lighting and heating with programmable timers, giving you greater convenience, improved efficiency, and better control.

Enviro

View internal and external temperatures along with humidity levels, helping you monitor conditions and maintain a comfortable living environment.

Swift Warranties for peace of mind

Our holiday homes and lodges are built to last, but we know sometimes that things can go wrong. With Swift you can relax in the knowledge that in the unlikely event of an issue arising, our warranty is there to protect you.

3 YEAR

Supersure Warranty

Your holiday home or lodge has 3-year cover for all parts and fittings (other than the structural exterior).

This includes items like:

- Freestanding furniture
- Kitchens
- Showers
- Sanitaryware
- Sockets and switches
- Interior doors and integrated furniture
- Gutter and fall pipes

5 YEAR

Structural Warranty

Your holiday home or lodge is protected by a 5-year Structural Warranty. Swift will repair or replace any structural defects, including issues with sealed seam joints or water ingress, reported within the warranty period.

Coverage extends to key components, such as:

- External doors
- uPVC windows
- Roof, walls and ceilings
- Carpets
- Morco boilers

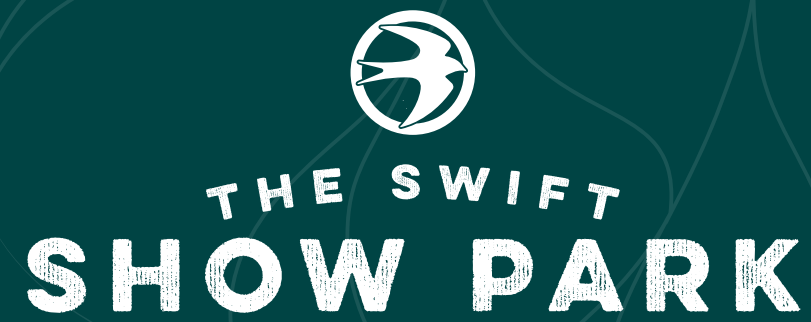

10 YEAR

Chassis Warranty

Your holiday home or lodge has a fully galvanised chassis with a 10-year Chassis Warranty, subject to maintenance. Swift will repair (or, at its discretion, replace) any defects with the chassis that come to light during this period, only for as long as the home belongs to its first owner.

THE SWIFT SHOW PARK

At Swift, we understand that investing in a holiday home is a big decision. To support you on your journey, our Show Park provides you with the opportunity to view our full range in person.

Whether you're a first-time buyer, an existing owner, or a trade customer, you can explore the complete collection of holiday homes, lodges, and S-Pods all in one place and speak with our knowledgeable sales team, who are ready to answer any questions you may have.

Book an appointment

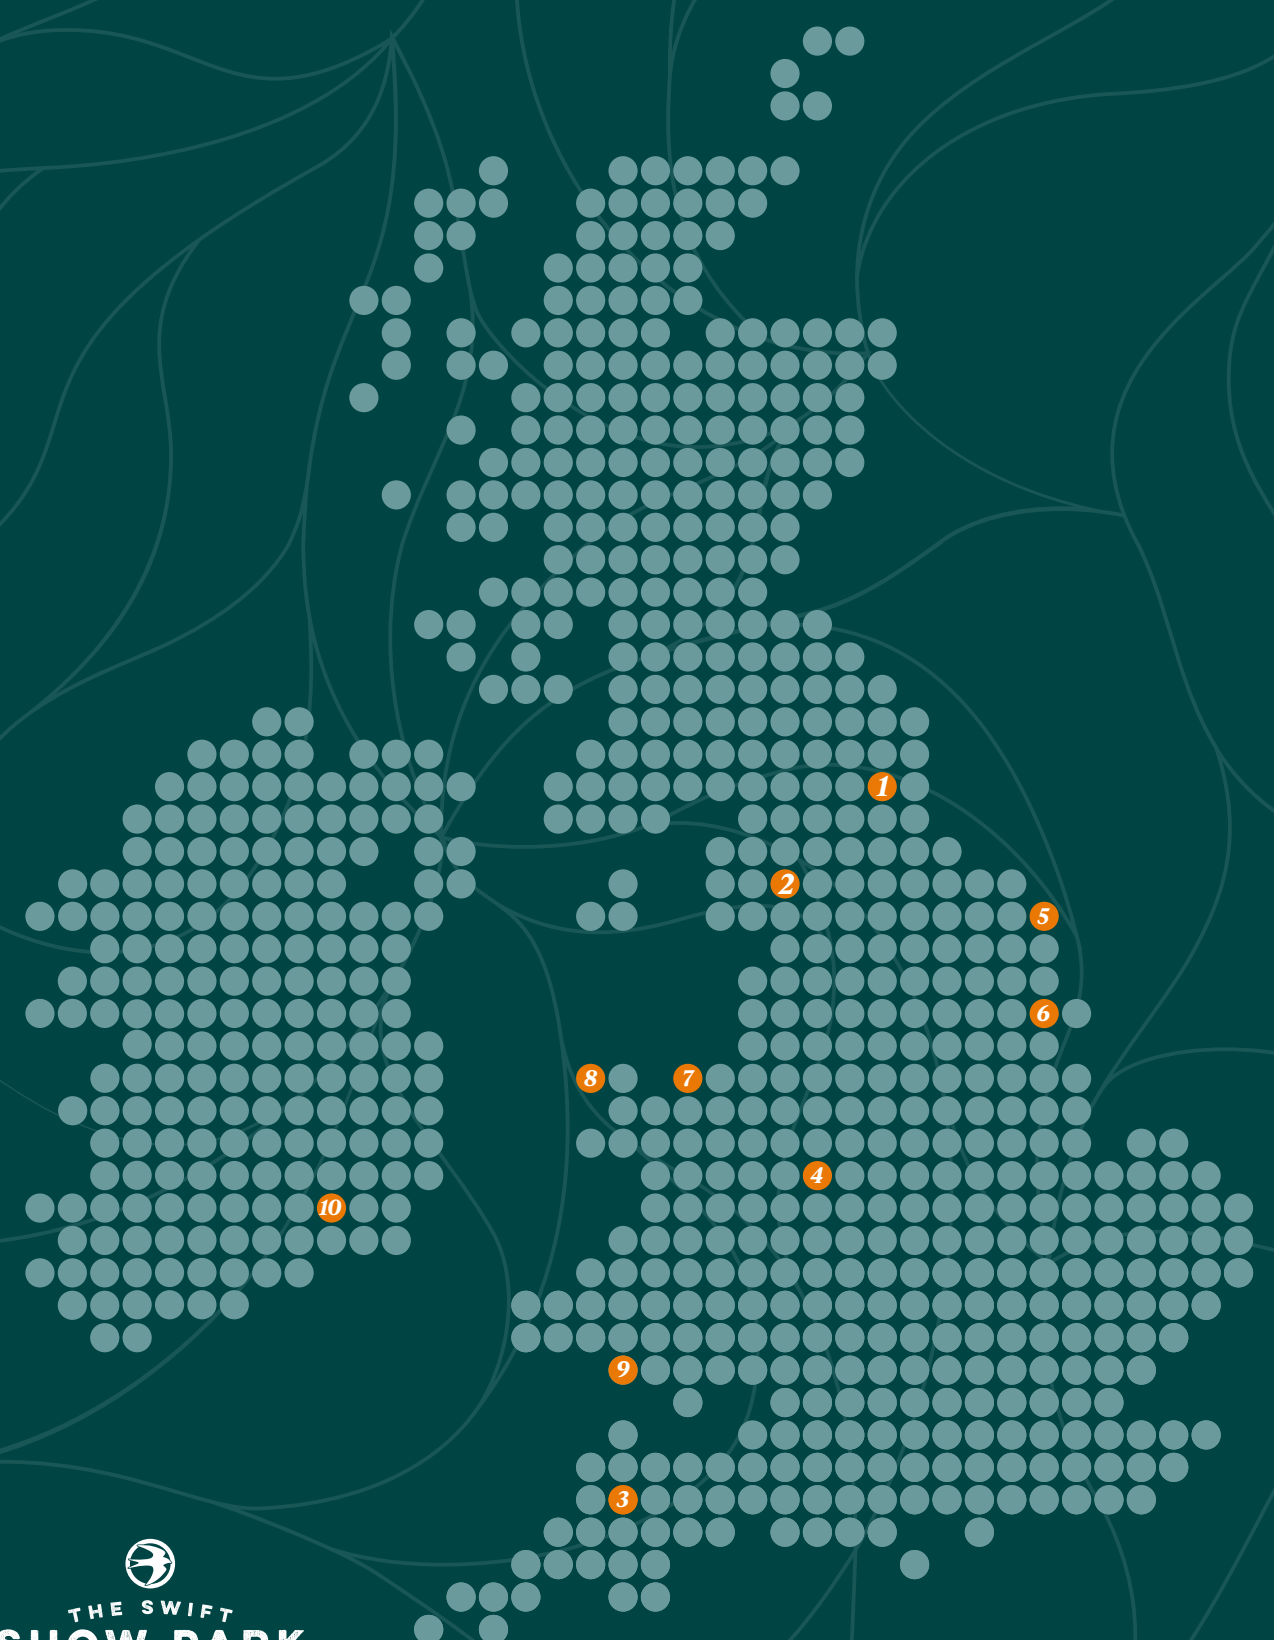

To support you on your journey, our Show Parks provide you with the opportunity to view our range in person.

To visit our Swift Show Park in East Yorkshire, scan the QR code and fill in the online form and a member of our team will be in touch to confirm your visit. Alternatively, to visit one of our many Swift Approved Show Parks, please contact the dealership directly.
