LOVE SWIFT

2022 HOLIDAY HOME RANGE

UNDER OUR OWN BLUE SKY

Take me to a place that I call Here,
Hold me in a time that I call This
The air is clean, the light is clear
And now an outdoor kind of bliss
Draws me to a spot I really love;
The door wide open, the kettle on,
A family that fits me like a glove.

A moment's pause for those who've gone
Who still remain in the mind and heart.

And now, under our very own blue sky
The rest of our lives can slowly start
And our spirits can begin to fly
With memories of where we've been,
Those mornings we have yet to know
Those brand new vistas all unseen.
Love life, I say. And now, let's go!

THE SWIFT DIFFERENCE

As a leading manufacturer of holiday homes, touring caravans and motorhomes, we know just how to create the perfect retreat for your getaways. We apply this design and innovation excellence to all of our products, taking the time to understand what makes your breaks so special. We incorporate this understanding in superb specifications, impeccable looks and creative space solutions - and because we work with some of the industry's most trusted suppliers, you can be assured that everything is of the highest standard both inside and out.

CONSTRUCTION AND HIGH THERMAL EFFICIENCY

Swift's holiday home range is built to BS EN 1647, and meets the National Caravan Council (NCC) Structural Thermal Rating Scheme for Caravan Holiday Homes, which gives an indication of the likely thermal efficiency of the holiday home.

Swift's lodge range is built to BS 3632, and meets the NCC Energy Efficiency Rating Scheme for Residential Park Homes. This specification sets a higher standard for thermal efficiency through improvements in roof, wall and floor insulation.

DOUBLE GLAZING

In response to the demand for more energy-conscious living, heat reflecting 'Thermaglas' double glazing with a 16mm air space is fitted as standard or as an option on our holiday home ranges. All lodges are fitted with 'Thermaglas' as standard.

CHASSIS

Swift only specify fully galvanised chassis as standard. What's more, every Swift holiday home and lodge comes with a 10-year anti-corrosion warranty.

ROOF TRUSSES

For accuracy, strength and reliability, all Swift holiday homes and lodges use prefabricated roof trusses. The resulting roof strength meets Grade B snow loading (capable of carrying half a metre of settled snow), while a minimum of 90mm glass wool insulation in holiday homes, and 200mm in lodges, provides excellent thermal efficiency.

ENVIRONMENTAL CHAMBER TEST

Swift tests its holiday homes in an environmental chamber to optimise the heating and ventilation levels and measure thermal performance. Thermal imaging helps to ensure the products are fully designed and engineered to meet the requirements of a modern holiday home.

WALL CONSTRUCTION

All Swift holiday homes and lodges benefit from bonded 'sandwich' exterior wall construction for greater structural strength. The walls are made in modules approximately 3m x 2m and are clad with aluminium, CanExel and Corelux. Each module consists of a robust timber frame, battened out and filled with insulation and a plywood inner skin. For lodges, the outer surface is constructed of a breathable moisture membrane.

FLOOR CONSTRUCTION

The flooring in Swift holiday homes is constructed from timber joists much like a traditional home. Class-leading 50mm glass wool insulation is placed between the joists and the floor is covered with a breathable membrane and with a waterproof finish for durability.

In Swift lodges, the thermal efficiency is enhanced with Structural Insulated Panel (SIPs) flooring, consisting of a timber frame with floorboards either side, which is injected with polyurethane, giving a greater level of insulation for all year round living.

SAFETY COMES FIRST

All our holiday homes and lodges are built in accordance with British and European standards and are audited against these build standards by the National Caravan Council (NCC).

SWIFT WARRANTY SCHEME

You can rest assured that your Swift holiday home comes with a comprehensive warranty, allowing you to simply relax and enjoy your home.

3-YEAR SUPERSURE WARRANTY

Your holiday home has 3-year cover for all parts and fittings (other than the structural exterior).

This includes items like:

- Freestanding furniture
- Kitchens
- Showers
- Sanitaryware
- Sockets and switches
- Interior doors and integrated furniture
- Gutter and fall pipes

5-YEAR STRUCTURAL WARRANTY

Your holiday home has a 5-year Structural Warranty and Swift will repair (or, at its option, replace) any defects with the structural integrity of the home that come to light and are notified to Swift during the warranty period.

The Structural Warranty covers any defect with the seams of the home, including water ingress through any permanently sealed seam joints and also items like:

- External doors
- uPVC windows
- Roof, walls and ceilings
- Carpets

10-YEAR CHASSIS WARRANTY

Your holiday home has a fully galvanised chassis with a 10-year Chassis Warranty, subject to maintenance. Swift will repair (or, at its option, replace) any defects with the chassis that come to light during this period, but only for as long as the home belongs to its first owner.

All warranties start from the date an approved Swift Group dealer or park operator transfers the unit to its first owner and are subject to conditions, terms and exclusions. For full details see www.swiftgroup.co.uk/owners/handbooks

EXTERIOR FINISHES & SOFT FURNISHINGS

Swift holiday homes are designed for long-lasting great looks, both inside and out. The exterior is woodgrain textured aluminium cladding.

SWIFTSHIELD

Selected Swift holiday homes are available with the exclusive option of SwiftShield fabric. SwiftShield fabric has a soft suede-type feel and has been cleverly treated during manufacturing to resist stains. It is very easy to clean and requires only a soft cloth dampened with water to remove most stains.

A person is splashing water in the ocean at sunset. The water is captured in mid-air, creating a large splash on the left side of the frame. The person's arm is raised on the right side. The background is a bright, hazy sky with a warm orange and yellow glow from the setting sun. The water in the foreground is dark blue with white foam from the splash. The overall mood is joyful and summery.
